Note No. 173

EXCELLENCY:

I have the honor to acknowledge the receipt of Your Excellency's Note No. 1500 dated March 28, 1944, which refers to conversations between representatives of my Government and the Minister of Public Education regarding the possible establishment of a cooperative educational program in Honduras, and expresses the desire of the Honduran Government to place in operation such a program. It is gratifying to learn that your Excellency approves of cooperative action in this field, and it is believed that the resulting interchange of educational ideas and methods will be mutually beneficial.

For the purpose of carrying out the proposed program in Honduras, the Government of the United States, acting through the Inter-American Educational Foundation, Incorporated, is prepared to provide the sum of Eighty Thousand Dollars, United States Currency. This amount is to be made available for projects to be approved mutually by representatives of the two Governments and for paying the salaries and other expenses of the educational specialists furnished by the Foundation. It is proposed that the Honduran Government provide the sum of Eighty Thousand Lempiras, Honduran currency, in addition to such personnel, supplies, and materials as it may see fit to provide within Honduras, and that a special cooperative service, similar to the Servicio Cooperativo Interamericano de Salud Pública, be established for the carrying out of this program, which, it is anticipated, will be carried on over a period of approximately three years.

¹ By agreement signed at Tegucigalpa Aug. 22, 1947, by the Special Representative of the Institute of Inter-American Affairs and the Sub-secretary of Public Education.
